STATINTL
1 informed me that he and Mr. Kirkpatrick had had a meeting
with Mr. Ladd, Assistant to the Director of the FBI, and that the latter had raised the
question of CIA passing information to the McCarran Committees. Mr. Ladd indicated
that the Committee was planning to release a blast of some 200 foreigners in this
country and indicate CIA as one of their sources. He indicated the hope that if we wer
to pass information that we would inform the Bureau in advance so that they would know
of the information as well. Mr. Kirkpatrick and denied any knowledge of
this matter. I have informed Mr. Arens, Counsel for the Immigration & Naturalization
Subcommittee, that this incident has occurred, indicating a possible leak in his shop.
